

January 2010

WEEKLY REPORT OF DELINQUENT ACCOUNTS

We are excited to announce that WPMA has partnered with WoodLogics® (developed by the producers of the Weekly Hardwood Review™) to develop an Internet-based version of the report of delinquent accounts. This is a live, real-time report that will be sent on a weekly basis.

Not only can you view past due accounts online, but you can also pull up historical information on your present or potential customers. New information from non-WPMA members will allow participating companies access to a wide range of information. This new version of the delinquent accounts report will help to keep losses to a minimum.

There is no charge to WPMA members in good standing to use the online delinquent accounts report. Your association is constantly working on programs and services to help members compete in a global economy and improve your bottom line.

To have access to this member benefit, we ask you to please complete the bottom of the form and return it to our office with your annual dues payment.

Delinquent Accounts Report Request

Yes, our company would like to receive the weekly report of delinquent accounts via email.
